SR 99 closures from 10 p.m. Aug. 22 through 5 a.m. Aug. 27

Crews will demolish the bridge on SR 99 over Broad Street and build a new road in its place during a four-day closure of SR 99 from 10 p.m. Friday, Aug. 22 to 5 a.m. Wednesday, Aug. 27. Completing this work paves the way for construction of future ramp and roadway connections at the SR 99 tunnel's north portal.

There's a lot of other WSDOT work that will happen on SR 99 during the closure as well.

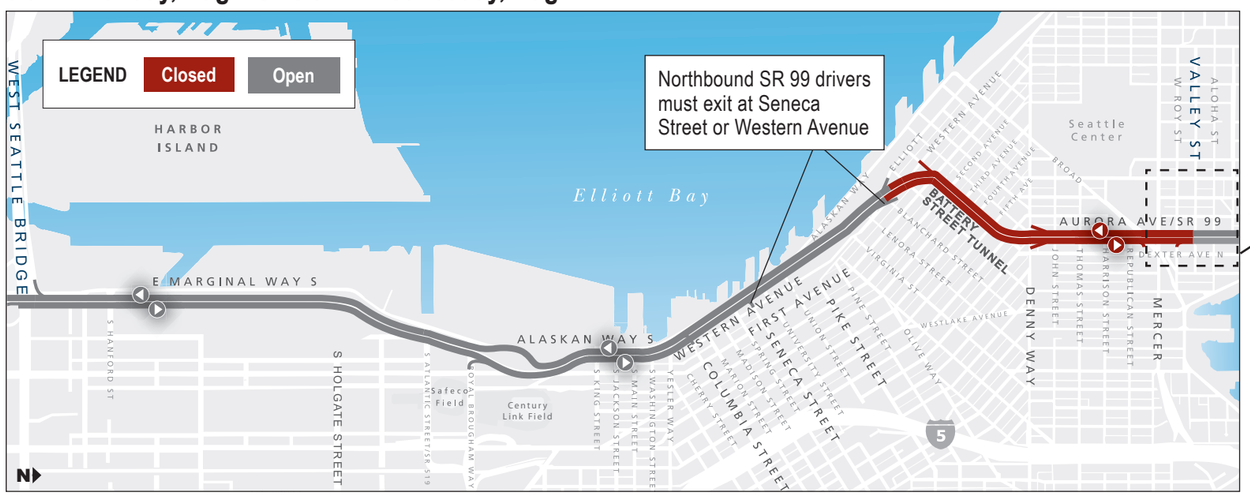
- Utility work at Harrison Street
- Concrete panel replacement in SODO
- Expansion joint repairs on the viaduct near the Seneca Street off-ramp
- Removal of ivy from the viaduct in downtown Seattle

10 p.m. Friday Aug. 22 - 5 a.m. Monday, Aug. 25

Detail map area

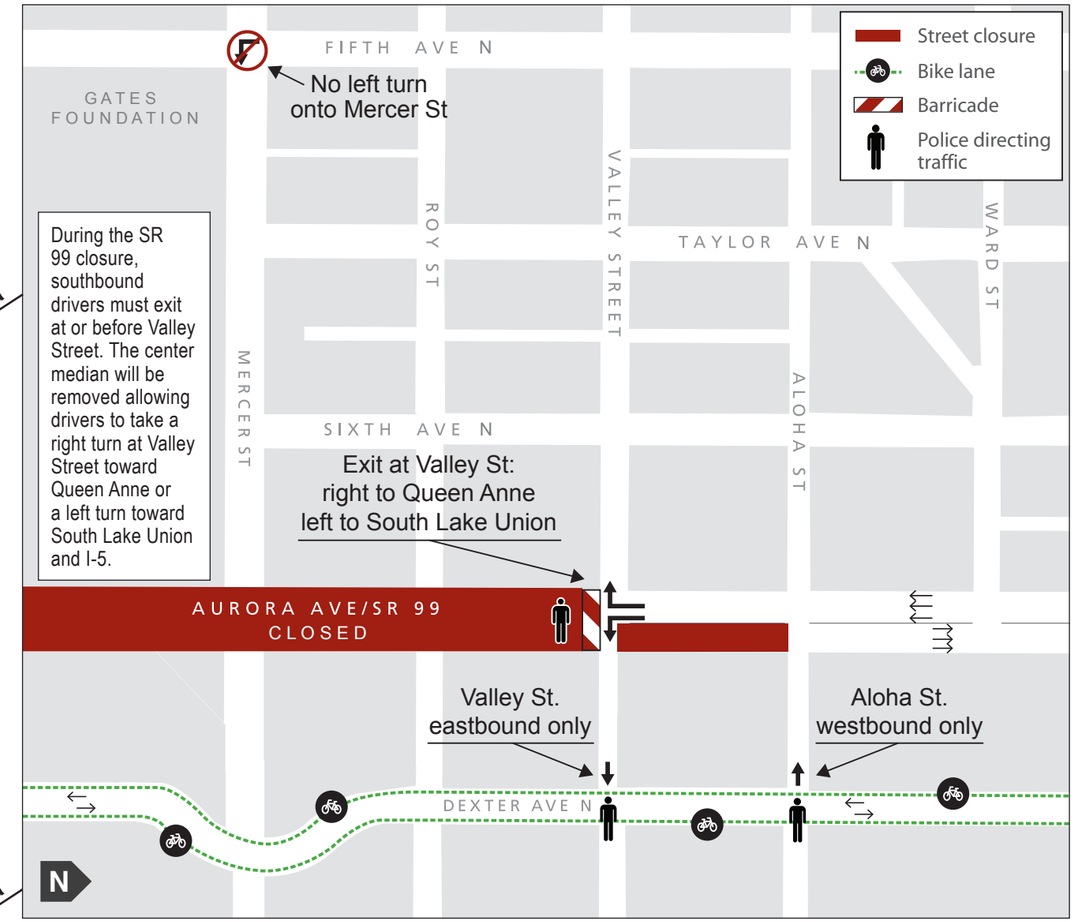
Northbound SR 99 will be open from South Royal Brougham Way and southbound SR 99 will be open from Columbia Street until midnight on Friday, Aug. 22 for exiting Seahawks traffic.

5 a.m. Monday, Aug. 25 - 5 a.m. Wednesday, Aug. 27



Detail map area

Routes to South Lake Union and Queen Anne during SR 99 closure, Aug. 22 - 27



During the SR 99 closure, southbound drivers must exit at or before Valley Street. The center median will be removed allowing drivers to take a right turn at Valley Street toward Queen Anne or a left turn toward South Lake Union and I-5.

We anticipate increased congestion in these neighborhoods. If your final destination is downtown or south Seattle, we strongly recommend taking alternate routes.

Traveler tips

Safety is our number one priority. Drivers, pedestrians and bicyclists should stay alert and watch out for each other.

Drivers should:

- Allow plenty of extra travel time
- Travel during off-peak periods
- Take alternate routes to avoid SR 99
