ASK A QUESTION

The ACEC/WSDOT Structures team consists of senior bridge engineers from various Washington State consultant firms and from the WSDOT Bridge Design, Bridge Preservation, Ferries, and Bridge Construction Offices. If you have a bridge/structure design or constructability question that you would like our opinion on, please fill out the form below. We will respond as quickly as possible. For a more detailed review of a project or a portion of a project, please select the "Request a Project Review" link and follow the guidelines.
