

DBE/UDBE/FSBE Commercially Useful Function On-Site Review for Regular Dealer and Manufacturers

Purpose: This form serves as written certification that the elements of work performed by a Disadvantaged Business Enterprise (DBE) contractor were monitored and evaluated according to the Commercially Useful Function and counting requirements of 49 Code of Federal Regulation Part 26.55. This form also contains data and questions to supplement monitoring of payments, termination of work, or changes in contract scope that may require prompt action to ensure final compliance.

This form is to be completed for each project, for each construction season, and for each primary scope of work. If the form is submitted with missing/incomplete information, it will be returned to the Project Engineer's Office for completion. **This form shall be sent to the Region Office of Equal Opportunity Compliance Specialist within 10 calendar days of completion.**

This form is to be completed based upon the reviewer's determination through observations and review of pertinent documents.

Section I: Project and Payment Data (To be completed by Project Engineer Office/Local Agency)

Contract Number	Prime Contractor		
Contract Name			
Approximate % of DBE Work Complete			DBE Goal %
DBE Subcontact \$ Amount	DBE Commitment \$ Amount		Region/Local Agency

Form Instructions

Section 1 – Project and Payment Data (to be completed by Project Engineer Office)

Fill in the information in the corresponding boxes.

Under DBE Contract Type, select the box corresponding to the type of contract being performed by the DBE. In addition, please provide the following if applicable.

1. List the dollar amount of any work committed to the DBE firm that was not performed because of termination, partial termination, underrun, or substitution by another subcontractor or DBE firm.
2. Indicate whether the prime followed the termination process and received written concurrence for any termination or reduction in work.
3. If concurrence was not obtained, indicate if payment was withheld for the work item originally committed to the DBE, but not performed by them.
4. For any underrun in commitment, the prime is required to submit good faith effort documentation showing their efforts to obtain DBE participation after contract award. Indicate whether any good faith effort submission was approved.

Approximate % of DBE Work Completed: Enter the percent completed for the overall contracted work completed up to the date of this onsite review. (On large design-build projects this may not be exact so use best estimate in that case).

DBE Goal %: Enter the DBE Goal assigned to the project when awarded to the prime.

DBE Invoice/Purchase Order \$ Amount: Enter the total amount the prime committed to pay the DBE for completed work.

DBE Commitment \$ Amount: Enter the contracted dollar amount the DBE will receive for performing this work (This amount should be obtained from the DBE Utilization Certification form or DBE Bid Item Breakout).

Region/Local Agency: Enter the WSDOT region name or the municipality (local agency) responsible for this project.

DBE Start Date: Enter the date the DBE started working on its contracted scope of work.

Total Payment to DBE to Date: Enter the value of the dollar amount that the UDBE has been paid for work completed so far, on the date this review is completed.

Section 2 – Project Engineer Office/Local Agency Observations and Interviews

To properly complete this form, attach the following documentation:

- Purchase Orders
- Invoices
- Delivery tickets
- Cancelled checks
- Inventory List

1. Select Yes or No. If no, explain why you think the DBE did not use their own distribution equipment to supply the materials. It is important to note that items not typically kept in stock and regularly sold are considered brokered unless taken into possession and distributed by the DBE; State should apply more scrutiny relative to the products for which the DBE is certified.
2. Select Yes or No. Make sure the delivery ticket show where the products originate. If no, explain why the project office did not obtain a copy of the materials invoice/purchase order.
3. Is the manufacturer completing work on the project site? If yes, please explain.
4. This question is to ensure that product provided meets contract specifications. Select Yes or no. f no, please explain

Section 3 – Office of Equal Opportunity Review and Evaluation

1. Did you check WSDOT'S Regular Dealer list to ensure the UDBE firm was approved as a Regular Dealer for this specific project?
Here is the WSDOT OEO website link to locate the Regular Dealer list: <http://www.wsdot.wa.gov/EqualOpportunity/default.htm>
2. Provide list of equipment used to complete the DBE work. From review of DBE purchase order/invoice, please provide List, quantity and cost of any materials provided by the DBE firm to the project.
3. Review Delivery of tickets and describe how the DBE delivered the product/material to the project site.
4. Provide name of the individual responsible for shipping and company responsible for paying for the shipping
5. Did OEO obtain and reviewed a formal agreement document between the prime and the DBE? If no, please explain. Review and provide proof of payment
6. Did OEO ensure the manufacturer is certified and in the OMWBE Directory @ <https://omwbe.diversitycompliance.com/>
7. Provide Lease agreement and registrations to properly answer this question
8. Provide Lease agreement
9. Provide list of equipment used to complete the DBE work. From review of DBE purchase order/invoice, please provide List, quantity and cost of any materials provided by the DBE firm to the project.
10. Provide a description of the manufacturer's plant.
11. Answer accordingly. Provide pictures if available.
12. For questions 12 through 16, provide any material invoices, delivery tickets, proof of payments and any other pertinent documentation.
