Bellevue, WA 98004

Letter #: 5000

RE: Contract 7963 - SR 520 Eastside Transit and HOV Project
Drug and Alcohol-Free Workplace Policy

Dear Mr. Gleffe:

While the lease for the SR 520 Eastside Transit and HOV Project office is held by Eastside Corridor Constructors (ECC), and the office is managed by ECC, it is a space that includes co-located staff from the WSDOT team as well as the ECC team. Given the co-located nature of this office, I am writing to request confirmation from you that your policy has the same "no-exceptions" prohibition against the use of alcohol in any building or job-trailer that is inside the State's right of way or is co-located with WSDOT, as required by the WSDOT policy. I have attached a copy of the WSDOT Drug and Alcohol-Free Workplace Policy for your information.

WSDOT appreciates ECC's commitment to safety in its offices and on its job sites. Please feel free to contact me if you have any questions. I look forward to hearing back from you on this important issue as soon as possible.

Sincerely,

Brian Dobbins for

Robert M. Dyer
520 Eastside Project Director

CC:
Tom Case, Granite Vice President
Tom Zamzow, ECC Project Executive
Julie Meredith, 520 Project Director
Paula Hammond, WSDOT Secretary
Dave Dye, WSDOT Deputy Secretary
Jerry Lenzi, WSDOT Chief Engineer
Mike Cotten, WSDOT SR 520 Design-Build Director
