

Regional Mobility Grant 2025-2027 Notice of Funding Opportunity

Purpose

The Regional Mobility Grant Program supports local efforts to improve connectivity between counties and regional population centers and reduce transportation delay. This program includes four eligible project types: vehicle and equipment purchases, capital construction, operations, and transportation demand management.

WSDOT seeks to fund projects that deliver public benefits as quickly as possible. State funding supports this grant ([RCW 47.66.030](#)).

Eligible applicants

Cities, counties, ports, public transit agencies, regional transit authorities, regional transportation planning organizations, and metropolitan planning organizations in Washington state are eligible to apply.

Eligible projects

Applicants may apply for two- or four-year projects. This program includes four eligible project types:

Vehicle and equipment purchases

- Passenger service vehicles.
- Charging equipment for electric vehicles.
- Communications equipment.
- Computer hardware, software, and data systems.
- Multimodal enhancements (e.g., bicycle racks).
- Security equipment.

Capital construction

- Passenger transfer centers.
- Bus-only or high-occupancy vehicle lanes.
- Bus passenger shelters, platforms, and stations.
- Transit access improvements.
- Transit signal priority, queue jumps, and bypasses.
- Park-and-ride lots and facilities.

Operations

- New, expanded, or more frequent bus routes, express service, and feeder service.
- New community connections or transportation corridors serving multiple communities.

Transportation demand management

- Programs that enhance commute trip reduction programs (e.g., incentives, transit passes, and expansion of growth efficiency centers).
- Programs that encourage a mode shift to high-efficiency modes (e.g., transit, walking, and biking).
- Outreach to employers to increase the use of teleworking.
- First- and last-mile connections programs (e.g., public transit rideshare expansion).
- Other transportation demand management strategies and concepts listed on WSDOT's [Transportation Systems Management and Operations website](#).

Pre-application requirement

Applicants must first submit a pre-application for a Regional Mobility Grant. WSDOT engineers, planners, and transportation demand management experts will review the pre-application. Only organizations with a reviewed pre-application may apply for a grant.

Pre-application deadline

3 p.m. Tuesday, March 5, 2024

Application deadline

3 p.m. Tuesday, June 25, 2024

Award period

July 1, 2025 – June 30, 2027

Application

Applicants must use the online [Grants Management System](#) (GMS) to submit the Regional Mobility Grant application.

The Regional Mobility Grant application deadline is **3 p.m. Tuesday, June 25, 2024**. Applicants should submit applications prior to the deadline to accommodate any unforeseen challenges. WSDOT will not accept late applications.

Applicants may apply for more than one project. Each project requires a separate application.

Documentation supporting the project is required as part of the application process. Documents attached to applications must be in PDF or Excel format. Applicants must not attach encrypted files to their concept application.

GMS will autogenerate a confirmation email for the submission of each application. The confirmation will neither include a completeness assessment of the application nor imply that a review of the application has been conducted.

Match requirement

Applicants must provide 20 percent matching funds as direct contributions of the total project cost. Direct contributions are cash or other assets that directly benefit the project and are fundamental to implementing the project.

Applicants can use any funding source other than competitive state public transportation grants as match.

Evaluation criteria

An independent review panel evaluates applications based on the following criteria:

- **Reduce delay:** Reduces the amount of time it takes for people to get to their destination.
- **Improve connectivity:** Improves multimodal connections and services between counties or regional population centers.
- **Project performance:** Reduces vehicle trips and vehicle miles traveled compared with costs and useful life.
- **Readiness to proceed:** Is consistent with local plans and minimizes scope, schedule, and budget risks. Is likely to deliver public benefits on schedule.
