Join us to kick off construction on SR 522

This spring we'll start work to widen SR 522 to a four-lane, divided highway from the Snohomish River Bridge to US 2 in Monroe. As part of the project we'll build four new bridges, including a new bridge over the Snohomish River, and add a roundabout at the 164th Street SE intersection.

You're invited to learn more

We'll introduce our project team, give you a preview of the completed project and answer your questions about what you can expect during construction. Stop by any time between 6 and 8 p.m. to talk with engineers and learn more about the project.
