The Washington State Department of Transportation (WSDOT) contemplates awarding a sole source contract to MathWorks, Inc to provide consulting services in support of the program to upgrade the steering control system for their fleet of the Jumbo class and Issaquah class vessels. The WSDOT currently uses MathWorks proprietary software for the Kwa-di Tabil class vessels. The steering control system developed will be using Mathworks proprietary software, Matlab and Simulink, to troubleshoot and develop PLC base programs for the Jumbo class and Issaquah class vessels.

The contract will be issued on or about March 30, 2015 for 24 months. The dollar value is estimated at one hundred and forty five thousand dollars ($161,400).

To obtain a copy of this sole source contract(s), complete a Public Disclosure Form, and send it to publicdisclosurerequests@wsdot.wa.gov. All requests must be made by within ten (10) calendar days of this announcement.
