Northwest Region/Mount Baker Area ITS investment needs

1. I-5 ITS Bellingham (Old Fairhaven Pkwy to NW Ave.)
   Cost Estimate: $2,600,000
   • ATM Level 2 (fiber, traffic detection, vms, cameras, integrated signals, ramp meters)

2. I-5 ITS (Samish River Vic to Old Fairhaven Pkwy)
   Cost Estimate: $7,850,000
   • ATM Level 1 (fiber, traffic detection, cameras, RWIS)

3. I-5 ITS Mount Vernon/Burlington Phase 1
   (Old Hwy 99 to Samish River Vic)
   Cost Estimate: $5,000,000
   • ATM Level 2 (fiber, traffic detection, vms, cameras, integrated signals, HAR sign, RWIS)

4. I-5 ITS Mount Vernon/Burlington Phase 2
   (Old Hwy 99 to Samish River Vic)
   Cost Estimate: $3,100,000
   • ATM Level 2 (traffic detection, ramp meters)

5. I-5 ITS (Old Hwy 99 to Stillaguamish River)
   Cost Estimate: $6,600,000
   • ATM Level 2 (fiber, traffic detection, vms, cameras, RWIS)

6. SR 9 Advanced Traveler Information System (ATIS) Expansion (Morgan Rd to Border)
   Cost Estimate: $1,350,000
   • ATIS Expansion (2 CCTV, 4 data stations, 2.5 miles fiber, bluetooth readers, 1 RWIS)

7. SR539 ATIS (Lynden to Border)
   Cost Estimate: $1,000,000
   • ATIS Expansion (1 CCTV, 2 data stations, 2 miles fiber, bluetooth readers)

8. SR539 ATIS (Ten Mile Road to Lynden)
   Cost Estimate: $950,000
   • ATIS Expansion (1 CCTV, 2 data stations, 2 miles fiber, bluetooth readers)

9. SR539 ATIS (Horton Road to Ten Mile Road)
   Cost Estimate: $1,500,000
   • ATIS Expansion (1 CCTV, 2 data stations, 2 miles fiber, bluetooth readers)

10. SR20 Arterial ITS (Burlington to Sedro-Woolley)
    Cost Estimate: $3,750,000
    • Arterial ITS in both directions (fiber, cameras, integrated signals)

11. SR20 Arterial ITS (Fredonia to Garrett Rd)
    Cost Estimate: $900,000
    • Full Arterial ITS in both directions (fiber, traffic detection, cameras, integrated signals)

12. SR20 Arterial ITS (Spur to Fredonia)
    Cost Estimate: $3,950,000
    • Full Arterial ITS in both directions (fiber, traffic detection, cameras, integrated signals, VMS)

13. SR20 Spur Arterial ITS (Anacortes)
    Cost Estimate: $3,700,000
    • Full Arterial ITS in both directions (fiber, traffic detection, cameras, integrated signals)

14. SR20 Arterial ITS (Deception Pass)
    Cost Estimate: $900,000
    • Full Arterial ITS in both directions (fiber, traffic detection, cameras, integrated signals, RWIS)

15. SR20 Arterial ITS (Oak Harbor)
    Cost Estimate: $1,350,000
    • Arterial ITS in both directions (fiber, cameras, integrated signals)

16. SR536 Arterial ITS (SR 20 to I-5)
    Cost Estimate: $1,800,000
    • Arterial ITS (fiber, cameras, integrated signals)

17. SR538 Arterial ITS (I-5 to LaVenture Rd)
    Cost Estimate: $600,000
    • Arterial ITS (fiber, cameras, integrated signals)

Remote Weather Information Sites (RWIS) not included in above projects
Cost Estimate: $1,050,000
• Upgrade 8 existing units, install 12 new units at remote locations
Northwest Washington ITS investment and needs

ITS needs
- Established ITS system
- Additional ITS needed

ITS project needs
- Needed RWIS
- Existing RWIS
- ITS needs
- Additional ITS needed
- Established ITS system
