
VI. ORGANIZATION STRUCTURE

As part of its strategic plan for implementing the GTEC program, the City plans to work in partnership with the transit agencies, neighboring jurisdictions, employers and property owners. Each of these stakeholders will have a role in implementing various parts of the GTEC program. To coordinate the City's GTEC program, the City will designate a program manager who will oversee the entire program and work with the different partners.

Listed below are the organizations that may be involved with the implementation of the City's GTEC. Their roles and responsibilities are described as follows:

Agency or Organization	Strategy or Service	Projected Date for Completion
City of Spokane	The City will be responsible for overseeing the GTEC program and coordinating the services of the different partners. It will be responsible for setting and tracking goals, administering the funding agreement with WSDOT and performing program evaluation. It will also implement bicycle and sidewalk facilities.	On-going
Spokane Transit Authority	STA will be responsible for providing transit services to the Spokane Downtown area and administering the regional ridematching system.	On-going
Employer	Employers will help promote TDM programs to their employees, provide incentives, and participate in regular network meetings.	Fall 2008
Residential Group	Residential property owners will be responsible for promoting TDM program to their residents, surveying residents and participating in regular network meetings.	Sites to be selected based on available transit and ridesharing services in Spokane.
