Title of City Representative

**SECTION B
DETAILING PROGRESS TOWARD ADOPTING REQUIRED STANDARDS:**

Please briefly describe (1) why your jurisdiction has not yet adopted the required access permitting standards for managed access state highways within city boundaries, (2) where your jurisdiction is in the process of adopting the required standards, and (3) what date you anticipate the required standards will be adopted.

The City of Granite Falls adopted Ordinance No. 519 in May of 1994 (attached hereto) establishing and implementing regulation and control of vehicular access and connection points on ingress to and egress from state highways within the City of Granite Falls.

Ordinance No. 519, along with a copy of your letter dated October 3, 2007, has been referred to our City Attorney's office, which is under contract, for review as to compliance with the current access standards adopted by the Washington State Department of Transportation in Chapters 468-51 and 52 of the Washington Administrative Code. The City Attorney anticipates his review will be completed by December 31, 2007, and if the City is currently in compliance without further action to be taken by the Council, Section A of the Status Form will be completed, executed, and submitted. If Ordinance No. 519 needs to be amended in order to be in compliance with the current access standards adopted by the Washington State Department of Transportation, the City anticipates that the City Council will take action in late January or early February 2008.
