

Coming soon:

Full closure of SR 202 from N.E. Woodinville Drive to 131st Avenue N.E.

SR 202 bridge closure begins early Sunday, June 26

Crews working for WSDOT are repaving SR 202 from the SR 522 interchange to the Sammamish River Bridge. As part of the project, crews will widen the sidewalk on the south side of the Sammamish River Bridge from two feet to five feet to provide a better route for pedestrians across the bridge.

To keep drivers and crews safe during the work, we will close both directions of SR 202 from just east of N.E. Woodinville Drive to 131st Avenue N.E. at 2 a.m. on Sunday, June 26. We will reopen the roadway to traffic by 5 a.m. Monday, June 27.

Getting around the closure

Drivers can choose alternate routes to avoid the closure or follow a signed detour using SR 202 (Woodinville-Redmond Road N.E.), N.E. 145th Street and 140th Place N.E. Drivers should allow extra time to reach their destinations.

Washington State Patrol officers will help direct traffic during the closure. Flaggers will be available to escort bicyclists and pedestrians across the bridge.

Project Information:

This work is part of a project to repave SR 522 in Bothell and SR 202 at the SR 522 interchange. For more information:
