

# Dolarway Intersection Improvements

September 2015

## Build Roundabout

*Existing four-way stop at US 97 and Dolarway Road*

*Proposed improvements at the intersection of US 97 and Dolarway Road*

### **What improvements is WSDOT proposing?**

Heavy truck and vehicle traffic heading to and from Wenatchee, Ellensburg and I-90 cause congestion at the four-way stop of US 97 and Dolarway Road. This project will improve traffic flow and reduce collisions by adding a right turn lane to the westbound I-90 off ramp, constructing a roundabout at the US 97 Dolarway intersection, adding a lane to northbound US 97 between the I-90 off ramp and Dolarway Road and increase accessibility to local businesses.

### **What has been done so far?**

The location survey is almost complete and the intersection plan is developed.

### **Estimated total project cost**

\$3.1 million

(Funded by 2015 Connecting Washington revenue package)

### **Design Starts:**

Fall 2015

### **Scheduled Construction:**

Spring 2017

### **Scheduled Completion:**

Fall 2017

### **WSDOT – South Central Region**
