

NORTHBOUND

(Acceleration Lane)

SOUTHBOUND

US 195

Acceleration Lane Extension Line

NOTES AND OBSERVATIONS

Drivers using this intersection are primarily local and are familiar with it.

Based on recent observations, 24% of left turning drivers choose not to use the northbound acceleration lane.

Occasionally a driver will behave as though they are not aware of the acceleration lane.

The addition of the Acceleration Lane Extension Line concept will likely not change a drivers behavior.
