**SECTION C
DETAILING PROGRESS TOWARD ADOPTING REQUIRED STANDARDS:**

Please briefly describe (1) why your jurisdiction has not yet adopted the required access permitting standards for managed access state highways within city boundaries, (2) where your jurisdiction is in the process of adopting the required standards, and (3) what date you anticipate the required standards will be adopted.

1. City of Auburn staff believed that the currently adopted design standards were adequate to meet the requirement in applicable RCWs.
2. City of Auburn still believes that the existing administrative procedures are equal to the administrative procedures detailed in WAC Chapter 468-51. Staff has reviewed WAC Chapter 468-52, agrees with the standards, and has drafted an ordinance to adopt WAC Chapter 468-52 for City Council consideration. City of Auburn will continue to rely on their own procedures to administer the access standards.
3. It is anticipated that City Council will adopt the ordinance which will adopt WAC Chapter 468-52 by reference in February 2008 with minor changes. Upon adoption, a certified copy of the ordinance will be forwarded to Ms. Karen Houser.
