Notes:

* Anacortes/San Juans counts include San Juan interisland sailings.

* Anacortes/Sidney, B.C. counts include Friday Harbor/Sidney, B.C.

* Accumulated delays are delays later in the day caused by an earlier incident, such as medical, weather, mechanical, or traffic preventing the vessel from catching up to the printed schedule.

* Examples of other departure delays are: Vessel congestion at dock, vessel propulsion system, drills, customs delay, terminal dock closure, rescue incident, vessel auxiliary system, etc.

* Ongoing construction along the Seattle waterfront and decreased vessel capacity are causing vehicle congestion and affecting OTP on the Seattle routes.

* The Fauntleroy-Vashon-Southworth route had slower boats assigned during the month of December which impacted OTP.
