

South Holgate Street to South King Street Viaduct Replacement Project Comment Form

The Federal Highway Administration (FHWA) and the Washington State Department of Transportation (WSDOT) welcome your comments on the environmental assessment for the South Holgate Street to South King Street Viaduct Replacement Project. Please respond to the below questions and drop them in a comment box, or return to the address listed on the other side. To be considered as part of the official hearing period, comments must be postmarked by Aug. 11, 2008.

WSDOT studied a number of factors during the environmental assessment process, such as transportation, land use, visual quality and air quality. Do you have comments on any of our findings?

I-005-001

*- APPRECIATE THE PRESENTATIONS IN WEST SEATTLE
ON 7/15/08
• THANKS FOR CONSIDERING CYCLISTS ROUTES AND SAFETY.
• PLAN LOOKS GOOD.*

Do you have any additional comments on the environmental assessment?

I-005-001

Thank you for attending the public hearing on July 15, 2008. The bike paths for cyclists are an important element of the urban design developed for this project.

With regard to your comment about the No Replacement alternative for the central waterfront, it is important to note that the State of Washington, King County, and the City of Seattle are working together to find a solution for the central waterfront section of the viaduct. However, the Environmental Assessment for the S. Holgate Street to S. King Street Viaduct Replacement Project does not address the scenarios being evaluated for the central waterfront. Comments on the central waterfront project have been shared with the central waterfront team, and any future comments can be submitted to viaduct@wsdot.wa.gov.

Additional Comments:

I-005-001 PHASE 1 LOOKS GOOD FOR 2009. PLEASE DO NOT GO WITH "NO REPAIRS" OPTION. CITY NEEDS NEW VIABLE 7 CM TURNER, SURFACE STREETS TO GET THEM DONE.
