**SECTION C**

**DETAILING PROGRESS TOWARD ADOPTING REQUIRED STANDARDS:**

Please briefly describe (1) why your jurisdiction has not yet adopted the required access permitting standards for managed access state highways within city boundaries, (2) where your jurisdiction is in the process of adopting the required standards, and (3) what date you anticipate the required standards will be adopted.

The City of Tumwater's access permitting standards are included in the City's Development Guide Manual. That manual is currently in the process of being updated. Any necessary changes to the City access standards for the subject portion of State Route 121 within City jurisdiction will be incorporated into the update.

It is anticipated that the City Council will adopt an ordinance adopting the required access permitting standards for State Route 121 within the City of Tumwater prior to June 30, 2008.
