

## **GOAL DEVELOPMENT – INPUT FROM COUNCIL**

- Stick to objectives / requirements of RCW
- Compliance
- No new requirements and/or unfunded mandate
- Secure additional resources
- State ensures local entities have resources
- Speed/reliability
- Moving Washington principles incorporated into plan
- Show legislature a working partnership
- Network / work together – provide assistance where needed
- Better education of the role PT plays in the system
- Attract new riders through education
- Educate taxpayers in value of PT and how it fits together
- Identify value of PT system
- Inclusion, integration, cooperation, coordination
- Transit access to WSDOT ROW

## **DRAFT GOAL FOR DEVELOPING PLAN**

Based on the principles, operate efficiently, manage demand and add capacity strategically, prepare a Statewide Public Transportation Plan that meets the requirements of RCW 47.06.110 and MAP-21, determines the resources necessary to both maintain and increase reliability and access, educates the public and legislators on value and role of public transportation and creates cooperative, coordinated, integrated and inclusive partnerships to gain additional resources and attract new riders.

## **DRAFT GOAL FOR THE PLAN**

The Statewide Public Transportation Plan will be relevant and comprehensive. The plan will describe the current policies that support public transportation, the importance of local services and prioritizing investments, coordination, connectivity and communication.
