Spring speaker series

Pioneer Square's First Thursday Art Walk

April 5 SR 99 Tunnel Project

Linea Laird, Alaskan Way Viaduct Replacement Program Administrator
Chris Dixon, Seattle Tunnel Partners Project Manager
6 to 6:30 p.m.

Join leaders of the SR 99 Tunnel Project to learn about its extreme engineering and the changes coming to SODO, the downtown waterfront and neighborhoods near Seattle Center.

May 3 Tunneling in Seattle – A History of Innovation

Robert “Red” Robinson, Senior Vice President of Shannon & Wilson, Inc. – a Seattle-based geotechnical and environmental consulting firm
6 to 6:30 p.m.

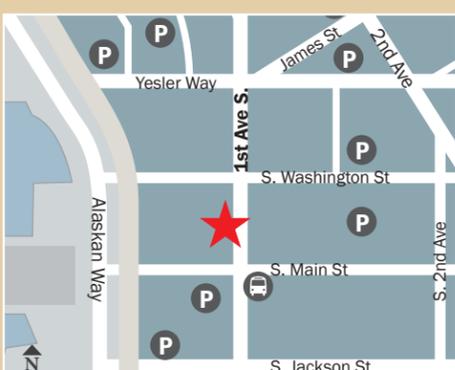

Did you know there are more than 100 tunnels beneath Seattle? Join us for a virtual tour exploring the train, sewer, utility and transit tunnels built during the past century and learn how tunneling technology has advanced from hand tools to sophisticated boring machines.

June 7 Meet the Tunnel Boring Machine

Chris Bambridge, Tunnel Design Engineer for the Alaskan Way Viaduct Replacement Program
6 to 6:30 p.m.

What's as long as a ferry, five stories tall and weighs 5,500 tons? The SR 99 tunnel boring machine! We'll show you how this custom-designed machine will grind through rocks and remove more than 800,000 cubic tons of soil as it builds the SR 99 tunnel beneath downtown.

211 First Avenue South
Free admission

Milepost 31 celebrates the people and projects that shaped Pioneer Square and provides an inside look at the SR 99 Tunnel Project. Learn more about the project from experts in the field at the speaker series.
