The page contains a map representing the Electric Vehicle Infrastructure Partnership Program (EVIPP) across various regions in the Pacific Northwest and parts of British Columbia. The map highlights different types of fast chargers, including new EVIPP CCS/CHAdeMO, EVIPP planned CCS/CHAdeMO, existing CHAdeMO only, CCS/CHAdeMO, Electrify America CCS/CHAdeMO, and fast charging across border. The map also indicates Tesla Superchargers. The map is dated as of October 2018, and viewers are encouraged to check PlugShare.com for a live map.
