#### Notes:

\*Anacortes/San Juans counts include San Juan interisland sailings.

\*Anacortes/Sidney, B.C., counts include Friday Harbor/Sidney, B.C.

\*Accumulated delays are delays later in the day caused by an earlier incident, such as medical, weather, mechanical, or traffic preventing the vessel from catching up to the printed schedule.

\*Examples of other departure delays are: vessel congestion at dock, vessel propulsion system, drills, customs delay, terminal dock closure, rescue incident, vessel auxiliary system, etc.

\* Vashon terminal painting contract and the M/V Evergreen State (returned to service from retirement) have significantly affected OTP on the FVS route.

\* Ongoing construction along the Seattle waterfront is causing vehicle congestion and affecting OTP on the Seattle routes.
