

**South Holgate Street to South King Street
Viaduct Replacement Project
Comment Form**

The Federal Highway Administration (FHWA) and the Washington State Department of Transportation (WSDOT) welcome your comments on the environmental assessment for the South Holgate Street to South King Street Viaduct Replacement Project. Please respond to the below questions and drop them in a comment box, or return to the address listed on the other side. To be considered as part of the official hearing period, comments must be postmarked by Aug. 11, 2008.

WSDOT studied a number of factors during the environmental assessment process, such as transportation, land use, visual quality and air quality. Do you have comments on any of our findings?

I-004-001

PRESENTATION ON 7/15/08 LOOKS GOOD
PLEASE DO WHATEVER CAN BE DONE TO IMPROVE BIKE
ACCESS FROM WEST SEATTLE/ ~~WEST~~ TO I-90.
CURRENT STREET ACCESS IS NOT SAFE ENOUGH.

Do you have any additional comments on the environmental assessment?

I-004-001

Providing bike access to I-90 is outside of the SR 99 project area. Independently of this project, the Seattle Department of Transportation is working with the Washington State Department of Transportation to identify and secure matching funds and begin preliminary planning for a connection between the I-90 trail and downtown Seattle.
