I-90 SNOQUALMIE PASS EAST PROJECT

BURL THE SQUIRREL ACTIVITY BOOK

I-90 Snoqualmie Pass East

COLORING

TRAFFIC JAMS

Traffic jams are a big problem on Interstate 90, especially on weekends and holidays.

SHARP CURVES

Sharp turns and curves can cause accidents.

CRACKED PAVEMENT

The pavement is 50 years old and cracking. This is causing bumpy roads.

PAGES

AVALANCHE

Avalanches force WSDOT to close the highway and remove snow.

ROCKFALL

Mountainsides along the highway break down and rocks fall onto the highway.

WILDLIFE CROSSINGS

WSDOT is helping drivers and wildlife by providing places for animals to cross safely, over and under the highway.

BURL & FRIENDS
