SR 520 construction update: December 2015

In December, construction crews continued installing the expansion joints that connect the east and west approaches to the floating section of the roadway deck. Photo taken: Dec. 22

Crews are close to completing the installation of the railing on the 14-foot wide regional shared-use path. Shown here, the belvederes along the RSUP will provide informational rest stops for pedestrians on the floating bridge. Photo taken: Dec. 21

West Approach Bridge North construction activities

Crews install a rebar cage by barge for a shaft for the permanent WABN structure. Photo taken: Dec. 30

By the end of December, crews had installed 22 of the 95 concrete columns needed for the new West Approach Bridge North. Photo taken: Dec. 15

Crews continue demolition of the westbound SR 520 off-ramp to Montlake Boulevard. In January, crews will begin demolition of the westbound SR 520 off-ramp to Lake Washington Boulevard East. Photo taken: Dec. 10

A panoramic image shows the new WABN concrete columns adjacent to the existing SR 520 lanes. Photo taken: Dec. 15
