

RTPOs and the GMA Updates: Sharing PSRC's Approach

Please join the Washington State Department of Transportation (WSDOT), Puget Sound Regional Council (PSRC), and the Washington State Department of Commerce in a webinar that will explore the role of regional transportation planning organizations in helping cities and counties navigate through the upcoming Growth Management Act (GMA) comprehensive plan periodic updates. From this webinar, you will learn about state GMA update resources and hear firsthand how PSRC, the first regional transportation planning organization affected by the periodic updates:

- Developed update resources for its jurisdictions.
- Surveyed its membership to plan its certification work.
- Implemented update workshops focused on connecting local jurisdictions to technical assistance, tools and other resources.
