

## What is the scoping comment period?

During the scoping process, there is a 30-day comment period for the public and agencies to provide comments on the project's proposed purpose and need statement and the range of alternatives.

These comments will be considered prior to finalizing the purpose and need statement and the range of alternatives.

This comment period is from Jan. 15 to Feb. 19, 2009.

Community members write scoping comments at a WSDOT open house.
