WSDOT is required by law to purchase many of our goods and services from contracts that are negotiated and administered by the Department of General Administration, Office of State Procurement (OSP).

A complete list of all state contracts managed by OSP is available at www.ga.wa.gov/purchase/3contracts.htm.

OSP also administers the Washington Electronic Business Solution (WEBS). WEBS is an electronic supplier registration database that allows businesses to showcase their products and services to all state agencies and political subdivisions.

You will only receive notifications for bid opportunities if you are registered in WEBS. You may register your business for free at www.ga.wa.gov/webs.

For more information about OSP, please visit their website at www.ga.wa.gov or contact:
