RE: Access Permitting Standards

Dear Ms. Houser,

The City of Castle Rock has adopted city standards for access control. We have consulted with WSDOT staff on new and modified access on state highways within Castle Rock city limits. The City of Castle Rock will be adopting access control standards that meet the access standard in Chapter 468-51 and 52 of the Washington Administrative Code within the next six months.

Please feel free to contact me at 360-274-7478 with any questions or concerns.

Sincerely,

David Vorse  
Public Works Director
