

MERCER ISLAND RESIDENTS - HOUSEHOLD TRAVEL DIARY

*Please use the diary on the back to record your total household trips on and off Mercer Island, using your personal vehicles, during the week of Sunday, November 17 through Saturday November 23. Each day of the week is represented by a table with five time slots (six on weekends), four directions from Mercer Island and check boxes to record total vehicle one-way trips per time of day and direction traveled. **Example: If your two household vehicles head eastbound toward Bellevue in the morning, one at 7:30am and the other at 8:30am, you would mark a total of two trips under Eastbound to Bellevue between 6am and 8:59am. If the vehicles returned at 2:00pm and at 4:30pm respectively, you mark in the boxes that indicate one trip during the 9am to 2:59pm time period, and one trip during the 3pm to 5:59pm time period (per below).***

Correction to household survey

■ Correct response for example above

■ Mailed example incorrectly shows two westbound return trips in each time slot

Please record your vehicle trips on the back until you have recorded all of the trips for your household for the entire week. If you don't make a trip during a time slot, do not fill in any of the squares. Tips for successful tracking:

- **Use pencil** - Your totals could change with an unexpected trip and using pencil will allow you to erase and correct your answers.
- **Live-tracking** - Keep a household notebook to track trips as they happen and then record the total in your Travel Diary.
- **Schedule five minutes a day** - Set aside time at the end of the day or early the following morning to fill in your Travel Diary.
- **If you had more than 5 trips in one direction during a time period** - Write the number of trips in the blank box:
