
VI. ORGANIZATION STRUCTURE

As part of its strategic plan for implementing the GTEC program, the City of Tacoma plans to work in partnership with the transit agencies, neighboring jurisdictions, and if available, transportation management associations. Listed below are the organizations that will be involved with the implementation of the Tacoma's GTEC. Their roles and responsibilities are described as follows:

Agency or Organization	Strategy or Service	Projected Date for Completion
City of Tacoma	The City will be responsible for overseeing the GTEC program and coordinating the services of the different partners. It will be responsible for setting and tracking goals, administering the funding agreement with WSDOT and performing program evaluation. It will also implement bicycle and sidewalk facilities based upon available funding.	On-going
Pierce Transit	Pierce Transit will be responsible for providing transit services to the Downtown area, offering vanpool services, area-wide pass program and administering the statewide ridematching system in Pierce County.	On-going
Employer	Employers will help promote TDM programs to their employees, provide incentives, and participate in regular network meetings.	2008 and on-going
Residential Group	Residential property owners will be responsible for promoting TDM program to their residents, surveying residents and participating in regular network meetings.	2008 and on-going
