SR 823/Selah Vicinity - Re-route Highway

Project Information	
PIN: 582301S	As of Date: June 2017
Region: South Central	Regional Admin: T. Trepanier
State Route: SR 823	
Current Status: Completed	Legislative Districts: 15

Project Description

SR 823 (First Street/N Wenas Rd) experiences congestion and traffic back ups through downtown Selah during peak commuting times. This project will decrease congestion on SR 823 by providing an alternate route for through traffic and commercial trucks. WSDOT will improve and extend South Wenas Ave from the junction of SR 823 at Naches Ave to connect to SR 823 at Fifth Ave. The new facility will include a two-way left turn lane, curb, gutters and sidewalk. WSDOT will propose to use the route jurisdictional transfer process to add the new roadway to the State highway system. The project will also improve the freight infrastructure for Selah`s major food processing industries by reconstructing portions of Railroad Ave. The project will improve intersections on SR 823 and South Wenas Rd within the project limits.
