

Alaskan Way Viaduct REPLACEMENT PROGRAM

February 2015

Long-term SR 99 lane closures for sign foundation installation: As early as March 7, for approximately 12 weeks

- Beginning as soon as March 7, crews building the future north portal of the SR 99 tunnel will close a single lane of SR 99/Aurora Avenue North in each direction between Valley Street and the Aurora Bridge.
- Northbound and southbound trips may take longer than normal since buses will travel – and stop – in the outside lanes with other vehicle traffic. The southbound bus-only lane restrictions will be lifted during this work.
- Crews will use the lane closures to install foundations for several large sign structures.
- An additional lane may close at night and during some weekend days.
- **Nighttime work**
In order to expedite the construction schedule, some nighttime work will be required. Some of this work is unavoidably noisy and may be disruptive. Residents with concerns related to nighttime noise may call the onsite inspector at 206-305-6967.

Americans with Disabilities Act (ADA):

Materials can be provided in alternative formats for people with disabilities by contacting Shawn Murinko at 360-705-7097 or murinks@wsdot.wa.gov. Persons who are deaf or hard of hearing may contact the Office of Equal Opportunity through the Washington Relay Service at 711.

Title VI Information: WSDOT ensures full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from its federally assisted programs and activities. For questions regarding WSDOT's Title VI Program contact Jonté Sulton at 360-705-7082 or SultonJ@wsdot.wa.gov.
