211 First Avenue South

Aug 1 | Tracking Bertha's Progress Beneath Downtown Seattle

6 to 7 p.m.

*Dave Sowers, Alaskan Way Viaduct Replacement Program
Engineering Manager*

Bertha, the world's largest tunneling machine, will soon begin her journey through nearly two miles of Seattle soil. Join us for this month's speaker series to learn what Bertha will encounter as she digs through eight different types of soil, passes beneath other tunnels, and digs as deep as 200 feet beneath downtown.

Free parking is available for First Thursday art walk patrons in Pioneer Square.
Visit www.FirstThursdaySeattle.com for more information about participating garages.
