

## ACCT/CTAA Technical Assistance Projects

---

ACCT and Community Transportation Association of America (CTAA) have offered a technical assistance grant program. Through this program CTAA will assist communities in developing projects, facilitating coordination, and conducting operational assessments and other similar projects. We expect to have approximately \$300,000 worth of technical assistance available and to announce the first round of awardees at the rural conference at Skamania Lodge on October 23<sup>rd</sup>.
