Subject: FHWA Stewardship Project Listings & Assignments September 2011

The Headquarters Construction office has completed the summary of stewardship reporting requirements for WSDOT construction contracts. The summary is contained in an attached Excel Workbook and is available on the Internet at the Construction Office Website under: Resources, Reports (see link below). Please review the list for your Region and advise me of any discrepancies.

Questions about stewardship reporting, the procedures and requirements can be directed to me at anytime. I am also available to come to your Region to provide training or to attend discussions of Stewardship reporting.

Please distribute this information to the appropriate personnel.
