Question and Answer #1 - February 27, 2007**

<b>Question or RFI #</b>	<b>RFP Reference</b>	<b>Question / RFI</b>	<b>Date</b>	<b>Answer</b>
1	N/A	We would like a draft copy of the plans and Cad files for the Addendum Ramp work for the 181 interchange and the SR167 to 405 SB ramp.	2/23/07	<i>Answer Forthcoming</i>
2	N/A	If there are cross sections for the stage 1 proposed and or the ultimate design we would like those cad files.	2/23/07	The In-Roads files provided with the RFP documents, includes the information needed for Proposers to generate their own cross sections.
3	N/A	Are the Stage 2 conceptual plans available?	2/23/07	The Contract Plans are not yet available for stage 2. The Stage 2 project will add one lane in each direction between SR 167 and SR 169 as well as build a half diamond interchange at Talbot Road.
4	N/A	In the Mandatory Proposer's meeting, Laura presented an updated cross section of the bridges over Springbrook/Oaksdale. May we have a copy of this updated cross section?	2/23/07	The cross section presented in the meeting was presented for illustrative purposes only. It is not to scale and does not represent the actual ground contours and profile. An updated cross section can be developed from the information included in the RFP documents
5	N/A	Do you have an aerial image file of the project limits?	2/23/07	CD/s are available for pick up at the Bellevue office.
6	N/A	We need to request roadway and drainage asbuilts for 405 and 167.	2/26/07	<i>Answer Forthcoming</i>
