ATTENTION: All Submitters

**Request for Qualifications
I-405/I-5 to SR-169
Stage 1 – Widening
Design/Build Project**

Addendum No. 1

The Request for Qualifications is amended as follows:

1. On page 15 of 24, 6.4 Section 4 Project Experience, the first paragraph is deleted and replaced with the following revised paragraph: To meet the Project Goals, WSDOT seeks a Design-Builder that can demonstrate involvement at similar levels of complexity on urban interstate or major highway projects within the past seven to ten years. This section shall describe the details and complexity of between five and seven examples of urban interstate or major highway projects. This section shall include project experience related to both design and construction. All Major Participants shall have at least one project identified. Job references¹ shall be provided for all projects listed.
2. On page 15 of 24, 6.4 Section 4 Project Experience, the second paragraph, along with the referenced tabular format, is deleted and replaced with the revised paragraph: To assist WSDOT in evaluating the Submitter's references and job experience, a suggested format is provided in Appendix E Project Experience.
3. On page 21 of 24, add the following new appendix reference after Appendix D: 7.2.9 Appendix E Project Experience (will be used in scoring Sections 2, 3, and 4).
 - Suggested format for presentation is provided for Submitters.
 - This presentation is limited to two pages.
 - This information will be used to assist in the evaluation of the information presented by the Submitter for Key Personnel, Collective Team as Whole, and Project Experience.

Kevin Dayton, P.E.

State Design Engineer (Acting)
