Small Works Questionnaire

Preparation of Small Works Questionnaire

All answers and other entries must be specific, complete in detail, and typewritten or printed. Pencil is not acceptable. If this requirement is not met your questionnaire may be returned.

A corporation, co-partnership, or joint venture must furnish all information requested in the appropriate form at the top of page 5. The execution of the affidavit on page 6 must be complete.

The Small Works Questionnaire furnishes information for establishing prequalification. It must be properly filled out, executed, and received in the Contract Ad and Award Office not less than 15 days prior to the scheduled bid opening to receive consideration for issuance of a bidding proposal for that bid opening.

No fee is required in order to prequalify to bid on state small works projects. Full compliance with these instructions will avoid delay in effecting prequalification and the delivery of the bidding proposal forms to contractors properly prequalified.

Schedules and attachments may be furnished to supplement the Questionnaire, however, it is essential that the standard form be completed in full.

Prequalification may be established in any calendar quarter and is renewable annually based on your fiscal year end.

The information contained in the Questionnaire will be used to establish the class ratings and work locations of the applicant for the next year or remaining portion thereof and one additional calendar quarter. Contractor prequalification is an annual process that is to be renewed each year in the same quarter unless there is a change in fiscal year end. Applicants will be notified in writing of their placement on the applicable small works roster when qualified. The letter will identify the locations and classes of work they have been prequalified for.

Small Works Questionnaire

1. How many years has your organization been in business as a general contractor under your present business name? _____

2. Has your organization ever failed to complete any work awarded to you? Yes No

If "Yes", state where and reasons why:
