

Information and Instructions for Small Works Roster Applicants

Under the provisions of RCW 39.04.155 the Washington State Department of Transportation is developing small works rosters for soliciting competitive bids on projects estimated to cost less than \$300,000.

The laws of the State of Washington require that an out-of-state corporation secure authority from the Secretary of State to transact business in the State of Washington. Accordingly, before the state can enter into a contract with an out-of-state or foreign corporation, such corporation must comply with Washington's corporation laws. Information and application forms may be obtained from:

Office of the Secretary of State
<http://www.sos.wa.gov/>

It is suggested that your firm contact the Department of Revenue to assure that all requirements for doing business in Washington State have been fulfilled. General licensing requirements information and forms are furnished by:

Department of Revenue Licensing Service
<http://www.bls.dor.wa.gov>

Contractors desiring to be considered for placement on the Washington State Department of Transportation Small Works Roster, must complete and submit this form to:

Washington State Department of Transportation
ATTN: Contract Ad and Award Office
Phone: 360-705-7837
Email: prequal@wsdot.wa.gov

A contractor may apply for placement on the small works roster at any time throughout the year, however a new form must be submitted annually to maintain eligibility.

Small Works Questionnaire

All correspondence and inquiries pertaining to Prequalification of Bidders should be directed to:

Contract Ad and Award Office
 Department of Transportation
 Phone: 360-705-7837
 Email: prequal@wsdot.wa.gov

NOTE: Before executing this form, read all information and instruction pages carefully.
 This questionnaire is not for MBE/DBE or WBE Certification.

When application is complete submit by email to Prequal@wsdot.wa.gov.

The above Applicant or Firm's Certification Status: <input type="checkbox"/> MBE - Minority Business Enterprise <input type="checkbox"/> WBE - Women Business Enterprise <input type="checkbox"/> DBE - Disadvantaged Business Enterprise		Federal Employees (IRS) ID Number	
		Unified Business Identifier Number (UBI)	

Preparation of Small Works Questionnaire

All answers and other entries must be specific, complete in detail, and typewritten or printed. Pencil is not acceptable. If this requirement is not met your questionnaire may be returned.

A corporation, co-partnership, or joint venture must furnish all information requested in the appropriate form at the top of page 4. The execution of the affidavit on page 5 must be complete.

The Small Works Questionnaire furnishes information for establishing prequalification. It must be properly filled out, executed, and received in the Contract Ad and Award Office not less than 15 days prior to the scheduled bid opening to receive consideration for issuance of a bidding proposal for that bid opening.

No fee is required in order to prequalify to bid on state small works projects. Full compliance with these instructions will avoid delay in effecting prequalification and the delivery of the bidding proposal forms to contractors properly prequalified.

Schedules and attachments may be furnished to supplement the Questionnaire, however, it is essential that the form be completed in full.

Prequalification may be established in any calendar quarter and is renewable annually.

The information contained in the Questionnaire will be used to establish the class ratings and work locations of the applicant for the next year or remaining portion thereof. Contractor prequalification is an annual process that is to be renewed each year in the same quarter. Applicants will be notified in writing of their placement on the applicable small works roster when qualified. The letter will identify the classes of work they have been prequalified for.

Small Works Questionnaire

1. How many years has your organization been in business as a general contractor under your present business name? _____

2. Has your organization ever failed to complete any work awarded to you? Yes No

If "Yes", state where and reasons why:

3. List projects your organization has completed in the past three (3) years as described in the attached Class of Work Sheets. **Note: a minimum of three (3) projects must be listed.**

	Contract Amount \$	* Class of Work	Scheduled Compl. Date	Prime or Sub	Title / Contract No.	Contracting Agency and Contact Name, Phone and Fax or Email (Fax number or Email for contacts are required for processing of the application.)
3a.						
3b.						
3c.						
3d.						

* Per attached work class(es) sheets. Attach additional sheet(s) if more space is needed

Work Classes listed on page C1 and C2 are for highway, roads, and bridge related work.

Work Classes listed on page C3, C4, and C5 are for facilities and building related work.

4. In which of the following classes of work do you feel your firm has the equipment and experienced personnel to qualify for the classification? (Indicated in parenthesis below each classification is suggested equipment for applicants.) Indicate those classes for which you feel your firm qualifies by marking (X) the appropriate box. Identify **specifically** in the column on the right the completed project(s) you have shown on Page 2 which are examples of the class of work you are requesting prequalification (i.e., 3a). **** Note: Work has to be self performed to be considered. ****

Class Number	Class Description	Project Example (From Page 2)
1	<input type="checkbox"/> Clearing, Grubbing, Grading, and Drainage (Scrapers or trucks, graders, compaction equipment, dozers, backhoes, frontloaders.)	
2	<input type="checkbox"/> Production and placing of crushed materials (Crushing plant, haul vehicles, motor patrol, compaction equipment)	
3	<input type="checkbox"/> Bituminous Surface Treatment (Distributor, chip, spreader, rollers, trucks, graders, compaction equipment, dozers, backhoes, frontloaders.	
4	<input type="checkbox"/> Asphalt Concrete Paving (Asphalt plant, asphalt pavers, rollers, trucks)	
5	<input type="checkbox"/> Cement Concrete Paving. (Slipform paving machines, concrete plant, trucks)	
6	<input type="checkbox"/> Bridges and Structures (Cranes, general building tools)	
7	<input type="checkbox"/> Buildings (General building tools)	
8	<input type="checkbox"/> Painting - Structural (Painting equipment, scaffolds, ladders etc.)	
9	<input type="checkbox"/> Traffic Signals (Ladder trucks, electrician tools)	

List other applicable classes by title and number as shown in the Prequalification Work Classes Listing on pages C1 and C2. Facilities and building contractors need only list the work class(es) they are qualified to perform and interested in competing for and the county(s) where they desire to work that are listed on pages C3 through C6.

The installation of a zinc-coated steel wire mesh anchored by wire rope and reinforced concrete posts or anchor rods. Used for dampening the effects of rolling rocks onto the highway. Slope scaling, horizontal drains, rock dowels, and rock bolts for slope stabilization.
- Class 40 Gabion and Gabion Construction**
Construction of walls made with containers of galvanized steel hexagonal wire mesh and filled with stone.
- Class 41 Intelligent Transportation Systems (ITS)**
Traffic Sensors Systems, Highway Advisory Radios, Environmental Sensing Stations, Variable Message Signs, Non-Fiber Optic Based Closed Circuit Television and Video Systems.
- Class 42 Electronics-Fiber Optic Based Communications Systems**
Design and installation of fiber optic based communication systems.
- Class 43 Mechanical**
Plumbing work and the installation of heating or air conditioning units.
- Class 44 Asbestos Abatements**
Asbestos Abatement (L & I Certified Workers).
- Class 45 Hazardous Waste Removal**
The containment, cleanup, and disposal of toxic materials. Companies seeking this classification shall have full-time personnel with current hazardous waste training (certification).
- Class 46 Concrete Restoration**
Pavement subseal, cement concrete repair, epoxy coatings, epoxy repair, masonry repair, masonry cleaning, special coatings, epoxy injection, gunite, shotcrete grouting, pavement jacking, gunite repair, and pressure grouting.
- Class 47 Concrete Sawing, Coring, and Grooving**
Concrete sawing, concrete planing, grinding, grooving, bump grinding, joint repair, concrete coring and rumble strips.
- Class 48 Dredging**
Excavating underwater materials.
- Class 49 Marine Work**
Underwater surveillance, testing, repair, subaquatic construction, anchors, and cable replacement, floating concrete pontoon repairs and modifications, disassembly and assembly of floating concrete pontoons.
- Class 50 Ground Modification**
Pressure Grouting, blast densification, stone column, jet grouting, compaction, dynamic compaction, soil mixing, gravel drain.
- Class 51 Well Drilling**
Drilling wells, installing pipe casing and pumping stations.
- Class 52 Sewage Disposal**
Hauling and disposing liquid and solid wastes.
- Class 53 Traffic Control**
Providing piloted traffic control, traffic control labor, and maintenance and protection of traffic.
- Class 54 Railroad Construction**
Construction of railroad subgrade, placing of ballast, ties, and track and other items related to railroad work.
- Class 55 Steel Fabrication**
Welding of steel members, heat straightening steel.
- Class 56 Street Cleaning**
Street sweeping with self-propelled sweeping equipment.
- Class 57 Materials Transporting**
Truck hauling.
- Class 58 Sand Blasting and Steam Cleaning**
Steam cleaning, sand blasting, shot blasting, and water blasting.
