

Vashon terminal construction changes ferry schedule Nov. 2-15

From Monday, Nov. 2 through Sunday, Nov. 15, Manson Construction will replace 20-year-old dolphins (offshore structures that help guide the ferry) at the Vashon terminal. This \$2.1 million maintenance project will close slip 1 and impact the ferry schedule for two weeks (slight weekday impacts and significant weekend impacts). Work will occur daily from 6 a.m. to 6 p.m. Manson Construction will be on site for approximately six weeks.

WSF recommends that drivers arrive at the terminal at least 20 minutes in advance. Slip 2 has no protection from the elements, so walk-on passengers are advised to dress appropriately. All customers should stay alert and pay attention to the traffic attendant. We may revise loading procedures to accommodate construction vehicles.

We apologize for any inconvenience this may cause you and thank you for your patience during this project.

Fautleroy to Vashon Weekdays Nov. 2-15, 2009
