

# ***Bags without people don't make sense.***

A stray bag left at a terminal.

An abandoned parcel on a vessel.

Lost property, or something else?

The threat of terrorism is  
no longer a world away.

If you see something suspicious or  
out of place, **report it to terminal or  
vessel personnel immediately, call  
911, or contact the United States  
Coast Guard at (206) 217-6002.**

For more information, brochures  
can be found at designated loca-  
tions on the vessels or at the termi-  
nals.

Brought to you by the Homeland Security Institute

A photograph of a person walking past a black suitcase in a terminal. The person is blurred, suggesting motion. The suitcase is in the foreground, and the terminal interior with glass partitions and "WINDOW CLOSED" signs is visible in the background.

**See something? Say something!**
