

GISday Call for Presentations, Maps, Posters and Applications

2014 Washington State Joint Agency GIS Day
Wednesday, November 19th, 2014
Washington State Capitol Campus — O'Brien Building

Help us make GIS Day a big success!

Share the work you do with others. Give a short talk. Demonstrate a time-saving application. Showcase an interesting map.

Have fun meeting GIS users and earn credits toward GISP certification or renewal.

We are looking for GIS users who want to get involved and share their knowledge with others in South Sound. Your GIS work does not have to be complex or cutting edge to be interesting to others. The point of GIS day is to share what you are doing and learn from one another.

Presentations:

fs25.formsite.com/bettystephendsnrwagov/Presentations-2014/index.html

Accepted presenters will receive either a 20 or 40 minute time slot on Wednesday, November 19, 2014 in the O'Brien Building on the Washington State Capitol campus. Presentations begin at 9:30 am and will run through 4:00 pm. All necessary equipment (computer, projector, microphone, speaker, etc.) will be provided the day of the event. The presenter will need to bring the presentation on a thumb/jump drive the day of the event. (Submission deadline is Friday, October 24th.)

Maps, Posters and Interactive Application:

fs25.formsite.com/bettystephendsnrwagov/Posters-2014/index.html

Maps and posters can either be given to the GIS Day coordinators before the event or brought to the site on the GIS Day. People demonstrating interactive applications will need to provide their own laptop/mobile computers. We can provide tables, power cables and internet connections. (Submission deadline is November 7th.)
