1-08.1	Subcontracting – Responsible-Subcontractor Requirements	Deleted	deleted 9/17/07		We deleted our new 7/31/07 GSP, on 9/17/07, because no longer necessary -- WSDOT decided to amend the Standard Specifications with the same information (see Amendment dated 9/17/07) – now in the 2008 Std Specs.
1-02.14	Disqualification of Bidders	Rev (Corrected)	9/12/07	Yes	Posted 7/31/07, but found error, so corrected and re-posted 9/12/07. Fulfills requirements of Subst. House Bill 2010, law went into effect 7/22/07. Lists requirements for contractors, that agency must verify, or disqualify the bid.
INTRO	Introduction to the Special Provisions	New	7/31/07	Yes	Now agencies will not have to write their own Introduction; also allows spec writer to explain how each special provision is labeled - as WSDOT GSP, APWA GSP, their agency's GSP, or project Special Provision.

1-08.5	Time for Completion - Option A	Rev.	6/28/07	yes	revised existing GSP to fix references to paragraph numbers; also labeled as "Option A"; removed reference to form FHWA-47 (no longer used - see http://www.fhwa.dot.gov/federalaid/052207.cfm for more information)
