

1 (March 13, 1995)
2 During the hours that cleaning and painting operations are actually in progress,
3 traffic may be restricted as follows:
4
5 *** \$\$1\$\$ ***
6
7 Whenever the Contractor's operations require lane reductions restricting the flow of
8 traffic on multiple lanes in the same direction, the Contractor shall furnish, maintain,
9 and operate a sequential arrow sign, for each lane closure, as specified in the
10 Special Provision **SEQUENTIAL ARROW SIGN**.
11
12 If the Engineer determines that such lane restrictions are causing traffic congestion,
13 the Contractor shall open all lanes to traffic until the congestion is eliminated.
14
15 For movable span structures, the Contractor's operations shall be arranged to
16 permit the opening of the moveable span whenever required by marine traffic.
17
18 Bridge sidewalks shall be kept clear and open to maintain safe pedestrian traffic.
