

1 (April 14, 2014)

2 Physical reductions of the width of thru travelling lanes are subject to the following
3 restrictions:

4
5 The Contractor shall not reduce the travelled way to a single lane with a clear
6 width of less than 16 feet for a duration that exceeds 4 calendar days without
7 prior approval of the Engineer. The Contractor shall submit a request for a
8 width reduction that exceeds 4 calendar days to the Engineer no later than 30
9 calendar days prior to the start of the proposed width reduction. At a minimum,
10 this request shall include:

- 11
12 1. Schedule showing the planned beginning date and end date of the
13 width reduction.
14 2. Plans showing the limits and cross-sections showing the clear
15 distance provided during the width reduction.
16 3. Details of available detour routes.
17 4. Plan to provide temporary windows of a minimum 16 foot width
18 periodically during the width reduction, where possible.
19

20 The Engineer will reply, in writing, to the request within 7 calendar days. The
21 Contractor shall immediately notify the Engineer if there are any changes to
22 the schedule for the width reduction.
