

1 (September 7, 2021)
2 "Operation of Smart Work Zone System" will be measured by the hour the system
3 is actively operating as defined in Section 1-10.3(3) as supplemented in these
4 special provisions. When the smart work zone system malfunctions for longer than
5 15-minutes or if the smart work zone system is not used in accordance with the
6 applicable approved Smart Work Zone System traffic control plan, no measurement
7 will be made for the smart work zone system for that hour. Payment for all other
8 Work to implement and decommission the SWZS will be made under the applicable
9 items shown in the Proposal.
