

1 (March 13, 1995)

2 Precast barrier intended for permanent placement may be used at temporary
3 locations and will be considered temporary barrier until installed at a permanent
4 location.

5

6 Barrier damaged while being used at a temporary location shall not be reused at a
7 permanent location even though it has been repaired, and when no longer required
8 at a temporary location, shall become the property of the Contractor and removed
9 from the project.
