**(August 1, 2016)**

The slip-resistant lid shall be treated with Mebac #1 as manufactured by IKG Industries, or SlipNOT Grade 3-coarse as manufactured by W.S. Molnar Co. The slip-resistant lid shall be identified with the permanent marking on the underside indicating the type of surface treatment (“M1” for Mebac#1, or “S3” for SlipNOT Grade 3-coarse) and the year manufactured. The permanent marking shall be  $\frac{1}{8}$ -inch line thickness formed with a mild steel weld bead. Slip-resistant lids shall be galvanized after fabrication in accordance with AASHTO M 111.
