Foreword

Reliable, well-maintained highway transportation facilities are essential to the well being of the state, its citizens, and its commerce. Washington State Department of Transportation Maintenance Operations personnel are essential to the state’s transportation backbone—the state highway system. Public safety and the safety of our employees is a high priority and must be considered in every decision and activity affecting the highway facilities. The goal of Maintenance Operations is to retain the highway system in a condition as near as possible to the condition of its initial construction or subsequent improvement. We all take pride in and strive for excellence in the maintenance and operations of our highway system.
