

Appendix F

Distribution List

F. DISTRIBUTION LIST

The Draft and Final EIS have been publically distributed in an array of formats, consistent with NEPA and SEPA requirements. Written notices of availability were mailed to all addresses within ½ mile of the project area, and email notices were sent to the project’s mailing list, including the parties who have previously submitted formal scoping comments. The Final EIS was also distributed or made available to all parties who commented on the Draft EIS. The EIS fact sheet and Chapter 7 also provide more information on the general availability of the document and the other public involvement activities for the Final EIS. The EIS documents are available on the project’s website at:

<http://www.wsdot.wa.gov/projects/ferries/mukilteoterminal/multimodal>

The EIS documents were distributed in four forms: (1) Executive Summary with an attached CD with the entire EIS contents, including appendices and supporting discipline reports; (2) full EIS volumes with an attached CD; (3) on a CD; or (4) via email or mailed notice with a link to the project’s website. Hard copies are also available for public review at the WSDOT State Ferry Division office, at the City of Mukilteo, and at the libraries listed below. Printed copies of the executive summary are also available on request from WSDOT at no charge, and printed copies of the full Final EIS are available for \$25.00.

The Draft and Final EIS have been distributed to the following (* noting locations where the document is available for public review).
